

The “war on cancer” has been a dominant theme since 1971 when the National Cancer Act was signed into legislation to find a cure for cancer through increased research and the development of more effective cancer treatments. The intent was to empower the National Cancer Institute to carry out more effectively the national effort against cancer.

We often use the words “fight, battle, brave, warrior, and survivor” when talking about cancer. They imply some form of control, an ability to steer one’s faith. That can mean having

perseverance while going through treatments (including chemotherapy, surgery, radiation therapy, gene therapy and immunotherapy) or keeping in a positive “fight against the cancer” frame of mind. Seeing oneself as a “warrior” can powerfully confirm a strong outlook and sense of identity when coping with cancer treatment. It can provide the strength to overcome the struggle to get out of bed and keep moving even on the toughest days.

The battle is in the little things where the true winning in life happens. Moving forward to live as well as possible – coping; accepting; remaining gently positive; setting achievable goals; and drawing on support from family and friends.

Thank you for supporting the Waynesboro Area Gala Cancer Auction for the last 38 years. Your efforts have enabled us to donate over \$2.4 million dollars to the American Cancer Society, Hope Lodges in Hershey and Philadelphia, Oncology Bridge Fund, Hennessy Home, and LIVESTRONG program. While we’ve come a long way in the last 48 years, we’ve got some work ahead of us. To quote A.A. Milne’s Winnie the Pooh “You are braver than you believe, stronger than you seem, and smarter than you think.” – a perfect theme for us this year.
